**Professional Conference Audio Processor & Feedback Suppressor TS-224** 

#### Features

- ▶96KHz sampling frequency, 32-bit DSP processor, 24-bit A / D and D / A converter
- The digital signal input and output channels provide coaxial, AES and fiber optic interfaces
- Adopt 144 x 32 LCD screen to display parameters, provide 6-band LED display of output level
- Each channel with compression, limiter, noise gate, feature settings
- The operating modes includes straight-through or feedback inhibition
- Fixed and dynamic feedback points can be freely edited and be deleted with one key

#### **Professional Processor**

#### **TS-P440**

#### Features

- Provide 24bit/48KHz high quality sound
- Provide the USB interface for multimedia storage to play audios or store recording
- ▶ The bidirectional RS-232 interface can be used to control external devices
- Each input channel: 4 balanced microphone/line inputs, bare wire interface terminal, balanced connection
- Each output channel: 4 balanced line outputs, bare wire interface terminal, balanced connection
- The RS-485 interface can achieve automatic camera tracking
- Support automatic memory protection after power failure
- Enternet multi-purpose data transmission and control port, can support real-time management of single and multiple devices
- Support channel copy, paste, and gang control functions
- ▶ 8-channel programmable GPIO control interface (customized input and output)
- Support access to the device through the browser, download the built-in management and control software, intuitive and graphical interface; support XP/Windows7, 8, 10 and other systems

### 16 Channel Mixer with DSP with 4 group TS-16PFX-4

#### Features

- ▶ 10 channels of Mic input, 2 channels of Stereo input
- ▶ 2 sets of stereo main output, 4 marshalling outputs, 4 auxiliary outputs, 1 set of stereo monitoring output, 1 earphone monitoring output, 2 effect outputs
- One pair of Stereo monitoring output port and one headset output
- ▶ 15 high-precision 60mm carbon film rollers
- ► High-guality audio connector
- One USB port for recording/playing
  Built-in 24-bit DSP effector, providing 100 kinds of preset effects.
- Built-in MP3 player.

# Precise Series High-end Professional Power Amplifier

TS-200PI TS-350PI TS-500PI TS-700PI

**Technical Parameters** 

#### **Features**

- 3 level switcher to adjust sensitivity
- 3 modes of operating: bridged, stereo and in parallel
- Ground pin of input socket could be both ground connected and
- suspended With dual-purpose socket of canon
- ▶ and 6.35mm input Support LINK output coming from CH
- ► A and CH B With indicators for signal, protection
- status, limiter status and power status CH A and CH B have individual volume
- ▶ control 3 kinds of output: CH A output, CH B
- output and Bridged SPEAKON output With complete protection for short, overload, over-heat, etc

- Using technique of real-time power tracking amplifier
- Hifi sound quality to restore the quality of audio sources perfectly
- Support soft-start
- With intelligent clipping distortion and over-current pressure limit system
- With 30/50Hz high pass filter
- With auto temperature control fan cooling system
- Multiple modes: stereo, bridged and parallelism
- Complete and reliable safety precautions, working mode indicators and multiple detection system

#### Professional Amplifier TA-2500 TA-2700 TA-2900 TA-21200

| Output Power         | TA-2500  | TA-2700  | TA-2900  | TA-21200 |
|----------------------|----------|----------|----------|----------|
| (20 to 20KHz/THD≤1%) |          |          |          |          |
| Stereo/Parallel 8Ωx2 | 500W x2  | 700W x2  | 900W x2  | 1200Wx2  |
| Stereo/Parallel 4Ωx2 | 750W x2  | 1050W x2 | 1350W x2 | 1800Wx2  |
| Stereo/Parallel 2Ωx2 | 1125W x2 | 1500W x2 | 2000W x2 | 2700Wx2  |
| Bridged 8Ω           | 1500W x2 | 2100W x2 | 2600W x2 | 3600Wx2  |
| Bridged 4Ω           | 2200W x2 | 3000W x2 | 4000W x2 | 5400Wx2  |

- The front panel is removable for cleaning cooling vents
- Support soft-start
- With intelligent forced cooling design, low fan noise and high electrical efficiency
- ▶ Intelligent limiter system to ensure the power module and the speaker system working in a safe range
- Various modes: bridged, stereo and in parallel
- $\blacktriangleright$  Abundance reserve power; output could be at low impedance 2 $\Omega$ ; hi-fi sound quality to restore the quality of audio sources perfectly
- ▶ With class H high efficient power amplifier; complete and reliable security protection measures and working status indicators

# High-end entertainment conference loudspeaker TS-608 TS-610 TS-612 TS-615

- ▶ Using one 8"/10"/12"/15" mid-bass speaker unit and one 1.4"/1.4" /1.7" /1.73" compression tweeter of annular diaphragm of polyethylene
- ▶ Box is made up of 15mm plywood. Its weight is light. Wearable paint treatment is used and the cotton dust network is posted outside
- ▶ The exact design of the crossover optimizes the MF performance of the human voice portion
- ▶ Multiple screw lifting holes, a diameter of 35 mm pole sockets, a variety of installation methods

www.itctech.com.cn

# Line Array Speaker LA-2100 LA-1180

- ▶ Plug and play, easy to use, clear instruction, operate without professional.
- ► Special pendant combination kit, simple hanging method and fast, easy assembly for engineering.
- ► Great frequency response, flat frequency output with the area of 40Hz-20KHz.
- ▶ Design of strong power, sounds smooth and soft, natural and flexible sound, high reproduction.
- ▶ Wide range of applications, used in multi-functional room, theater, gymnasium and outdoor shows.

# Passive Line Array Loudspeaker (Double 12" array speaker)

# LA-2120 LA-2180

- ▶ The box is made of high quality imported birch, small size, light weight, wear-resistant paint treatment.
- ► Consists of 2×12" low frequency units, 1×3" high frequency driver, high sensitivity and strong penetration.
- Frequency divider in precise design to optimize power response and MF vocal performance.
- ► Using lifting combination line array design, allowing 0-10 degrees range adjustment speaker coverage area. With the compact combination, lightweight, easy to installation and other advantages.
- ▶ Professional hanging pendant combination, easy and quick hanging way, easy installation for engineering.

# Active Line Array Loudspeaker

### LA-2650P LA-1200P LA-2800P LA-1800P

- ▶ Plug and play, easy operation
- Adopt aluminum alloy lifting bracket, easy and fast hanging way, convenient for project installation.
- ▶ With strong power; smooth, soft and clear sound quality.
- ► Adopt digital power amplifier, with the features of good sound quality, high efficiency and strong stability.
- Perfect protection function: short circuit protection, over current protection, over temperature protection and over & under voltage protection.
