

## Ceiling Speaker

T-105YK

Material: plastic and metal grille

### Feature

- \* High-quality ceiling speaker, plastic pot frame, metal mesh cover, spring pressing system, easy to install.
- \* Full frequency unit design, enjoy the extraordinary experience of both music and human voice, experience the clear reproduction of human voice and the smooth response of background music.
- \* The high-performance copper wire audio transformer is used to reduce the loss caused by impedance in the circuit.
- \* Suitable for hotels, hotels, clubs, etc.

### Specification

Power taps @100V	3W, 6W
Power taps @70V	1.5W, 3W
Impedance	Black: COM/Red: 3.3K $\Omega$ /White: 1.67K $\Omega$
Sensitivity (1W/1M)	88dB $\pm$ 3dB
Maximum SPL	96dB $\pm$ 3dB
Frequency response (-10dB)	80Hz-20kHz
Speaker driver	5"×1
Cutout size	155mm
Dimensions	175×68mm
Weight	0.4kg
