

## Horn Speaker

T-725AY

Material: Plastic

### Feature:

- \* Waterproof design, simple and beautiful overall appearance.
- \* High-quality plastic material, excellent mechanical properties, good impact strength, low temperature resistance, high temperature resistance, superior material stability and durability.
- \* Large arc design, high sensitivity, high efficiency, sonorous amplification, wide sound coverage and long transmission distance.
- \* Internal high-performance magnet, compressed driver head, high sound power output, strong sound penetration.
- \* Built-in high-performance 100V audio transformer can reduce the loss caused by impedance in the circuit, with multiple power options and flexible wiring methods.
- \* Use high-quality wires to meet long-term full-load use, anti-scalding, good conductivity, and safe use.
- \* U-shaped bracket design, 108 ° flexible rotation and adjustment, convenient for users to operate, install and debug.
- \* Suitable for outdoor places such as squares, villages and sports fields.

### Specification:

Model	T-725AY
Rated power (100V)	25W
Max power	50W
Impedance	Black: COM, White: 400Ω
Frequency response	300-13KHz
Sensitivity	103dB±3dB
Max SPL	117dB±3dB
Protection class	Ip66
Dimension (W×D×H)	282×210×280mm
Weight	1.9kg
