

Feature

- * Built-in 8 sets of AC contactors form the main circuit, support quick breaking of the arc;
- * Support centralized control and point control with electric hoist PLC control box;

Specification

Cabinet	3U ;
Color	Black
Dimension	485*440*133mm(L*W*H)
Installation method	19-inch standard cabinet horizontal installation
Wiring method	AC380V input and output lines are connected with waterproof plugs, power line control is connected with 3-core ohm connectors; signal wires are connected with DB15 finished wires;
Control signal interface	1 DC24V ;
Motor interface	4 AC380V ;
Power input	AC380V, level -3P+N+E; with yellow, green and red power input indicator;
Power output	AC380V, level -3P+E
Output power	4*1.1KW
Protection level	IP44 ;
Output channel	4 outputs
Net weight	About 14KG ;
