# LED Strip Light

TL-914

Free collocation
Support add accessories freely

Independent research and development
Independent mold production
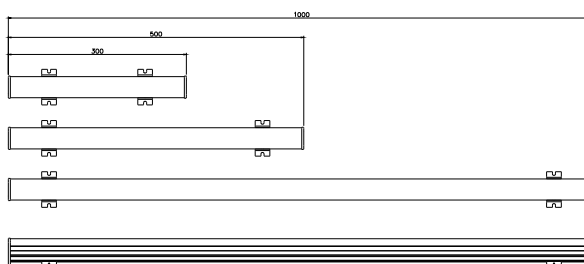

Safety guarantee
Built-in constant current drive

Efficient waterproof
Using imported high thermal conductivity glue full potting

Professional technology
Imported high efficiency lamp beads

Professional protection
Outdoor lightning protection and static electricity

Product specification

Model	TL-914		
Rated Power	10W	5W	3W
Dimension(LxWxH)	1000x40x54mm	500x40x54mm	300xW40xH54mm
Weight	0.7kg	0.4kg	0.3kg
LED Type	SMD5050		
Input Voltage	DC24V		
Beam Angle	120°		
Color Temperature	2000~6500K/RGB/R/G/B		
Light Body Material	AL 6063		
Light Body Color	Iron gray		
Control Mode	Normally on/DMX512		
Environment Temperature	-20°~50°C		
Luminous Efficiency	>60 lm/W		
Protection Level	IP65
