

Technical Parameters

Model	TL-YTE1-02
Power Supply	AC110V-240V, 50/60HZ. 3500VA
Lamp	XQ3KW
Lamp Life	1000 hours (light bulb starts to be aging after 800-500 hours)
Beam Angle	0.8-60° parallel light output, projection distance up to 4KM, beam size 250mm
Dimming Function	mechanical dimming 0%-100%, electronic dimming 30%-100%
Optical	Specially designed reflective bowl for maximum brightness output
Scanning Range	X-axis 360 degrees; Y-axis 224 degrees, fast running speed, quiet, adjustable speed
Scan Fine Adjustment	X-axis fine adjustment / 5.4°, Y-axis fine adjustment / Y-axis fine adjustment / 5.4°, more accurate positioning
Color Wheel	white light+CMY color changing system, can be combined into a variety of colors
Control Mode	international standard DMX512 signal
Channel	12 channels
Protection Level	IP54
Protection Device	The body has over-voltage, overheat, overload and short circuit protection
Lamp Size	700×790×1330 (mm)
Net Weight	132kg
