

## LED Four-Eyed Audience Light

TL-XGA0-12

### Technical Parameters

Model	TL-XGA0-12
Power Supply	AC110V~240V, 50~60Hz 450VA
Light Source	4*100W two-in-one super bright high power LED lamp beads (warm white / white adjustable)
Illumination Angle	Reflective cup-illumination: 960lu x (5m)
Control Mode	International standard DMX512, or master-slave mode, manual mode
Luminous Flux	8624lm
Color Temperature	3200K-5600K adjustable
Optimal Projection Distance	15-30m
Dimming	Linear dimming 0-100%
Strobe	0-25 Times/second
Channel	6/12CH
Product Size	36cm*36cm*24cm
Weight	8.5KG
Environmental Temperature	Working environment: 25℃~40℃
Cooling	air cooling
Protection Grade	IP20
Function	lighting, adjustable warm and cold light, running light program, flashing, dimming
Suitable Range	Suitable range: large stage, theater, outdoor open-air party, bar, wedding and other entertainment venues
