

Professional Full Range Speaker

KT-M10

Description

It is used in various medium and high-end KTV entertainment venues.

Feature

- * Adopt a 10-inch woofer and a 1.4-inch compression driven tweeter.
- * The cabinet is made of 15mm medium density fiberboard, and adopts water-based paint treatment, wear-resistant and high-grade.
- * The mesh cover uses powder spraying treatment and adopts cotton attachment process to prevent dust or liquid from entering, so as to protect the speaker and prolong the service lifespan.
- * The broadened frequency response characteristics and excellent vocal processing bring the audience and singers a very comfortable experience.
- * Professional speaker sockets and plugs with good electrical characteristics.
